OMEGA-3

High potency fish oil with unwavering quality.

Item# 22305
60 Capsules

Omega-3 fatty acids help the human body in many ways, from the heart to the brain. However, the only way to get the benefits from these essential fats is to obtain them from foods or supplements. Your body will not produce Omega-3's on its own, leaving you on a quest for either carefully chosen meals or a reliable, convenient supplement.

Synergy's highly potent Omega-3 capsules each contain 1,000 mg of oil sourced from cold water, fatty fish. These mackerel, anchovy, and sardine sources are known to be rich in EPA and DHA unsaturated fats, while being reliably low in contaminants. No need to worry about unpleasant fish flavors, as Synergy Omega-3 contains natural lemon oil for a better experience.

Synergy takes Omega-3 safety and purity one giant step further: Every batch of Omega-3 capsules we produce undergoes strict laboratory testing to ensure that they are free from mercury and other toxins. You can rest easy knowing that your fish oil is pure, potent and proven from Synergy WorldWide.
